

Expression of Interest

At Trojan's Trek, we work towards supporting a profound transformation in the lives of serving and ex-servicing personnel, police, first responders, and Correction. We push boundaries through our vehicle-led national wilderness-based peer support program, offering a unique and life-altering experience. Rooted in peer-reviewed programs, our mission is to guide participants on a journey of rediscovery, empowering them to reconnect with core values, purpose, and identity during the migration from service to civilian life or returning to work. We are committed to a powerful transformation that resonates long after the trek ends.

Before completing this form, please visit the Trojans Trek website at www.trojanstrek.com. You will see media reports, photo galleries, and videos to help you better understand the program.

This involves Pre-Trek, Post-Trek and follow-up Questionnaires and Interviews. All personal information will be de-identified. Do you agree to be part of this research?

What happens next?

EOIs will be held until closing dates. One of the Points of Contact within Trojans Trek will contact you ASAP by email and phone to let you know your EOI has been received.
